This Newsletter is brought to you by NMIMS Prof. Y. K. Bhushan Information and Knowledge Resource Centre.

Libraries are known as gateways to Knowledge.

This Newsletter aims to communicate information of various fields at one place which will help to improve the knowledge of the users.

PREFACE

Dear Reader,

A Step ahead in knowledge sharing, the NMIMS Library has always been dedicated to serving the needs of its users by providing excellent information services and a collection of literature.

We are presenting the 1st Issue of Volume 3 of our Library Newsletter, "**NMIMS Knowledge Trendsetters**," wherein this quarter's theme is "**Library Diaries: let's know more about our Library**". The NMIMS Libraries have been more than just a repository of books; it is a vibrant hub that fosters learning, creativity, and connection. As we continue to evolve in the digital age, we are committed to providing you with a diverse range of resources and services that cater to your intellectual and cultural pursuits.

Being an Anniversary issue, we thought of reflecting on the connection that we make with our users. This issue contains some interesting facts about different libraries over the world, Library feedbacks received and students' perceverence towards libraries. the issue further connects us with the Spotlight reader of the quarter, library activities conducted across campuses, ranking updates, learning databases and much more.

Let us read further to know about it.

Happy reading!

Thanking you all for your active support,

Stay Tuned and Stay safe.

A LOOK INTO WHAT STUDENTS PERCIEVE ABOUT LIBRARY

STUDENT FEEDBACKS

Let's browse and know more about NMIMS Libraries…
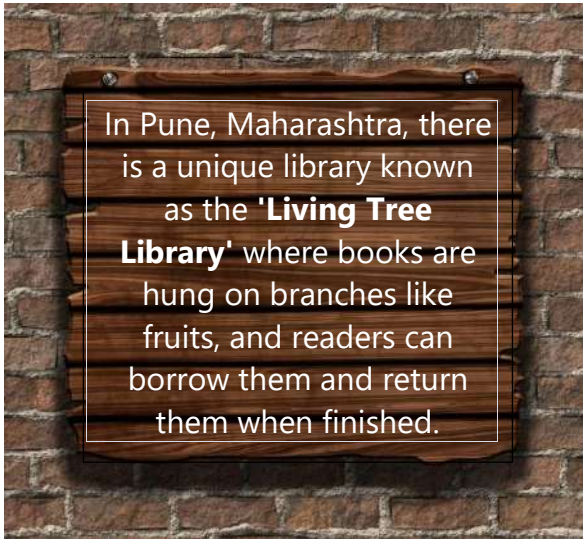

Welcome to the Library survey Section!

❖ The library holds a pivotal role in fostering academic excellence, research, and professional development within the institution. Its importance extends beyond serving as a repository of books; it plays a crucial role in supporting the diverse needs of students, faculty, and researchers. In the modern day, libraries serve as crucial knowledge facilitators and provide academic, research, and innovation support. To assess and enhance the library's offerings, the library carried out a brief user survey to learn more about students' experiences and to obtain some useful feedback.

❖ This section highlights some important parts of the survey such as primary purpose of visit to library, most resources used and much more.

❖ The Library Survey was conducted across the campuses through the circulation of Google Forms. We are Happy to share that students from majority of the courses participated in this Library Survey and gave their Valuable Feedback

➢ How frequently do students visit the library was the first question raised.

HOW OFTEN DO YOU VISIT THE LIBRARY?

Regularly 73%

Once a Week 16%

Sometimes 6%
Some of my Friends visit rarely too 2%

Once a Month 3%

The responses stated that majority of the students visit the Library ranging from regularly to once a week. Students who visit the Library rarely were as good as 2% only from the Reponses received.

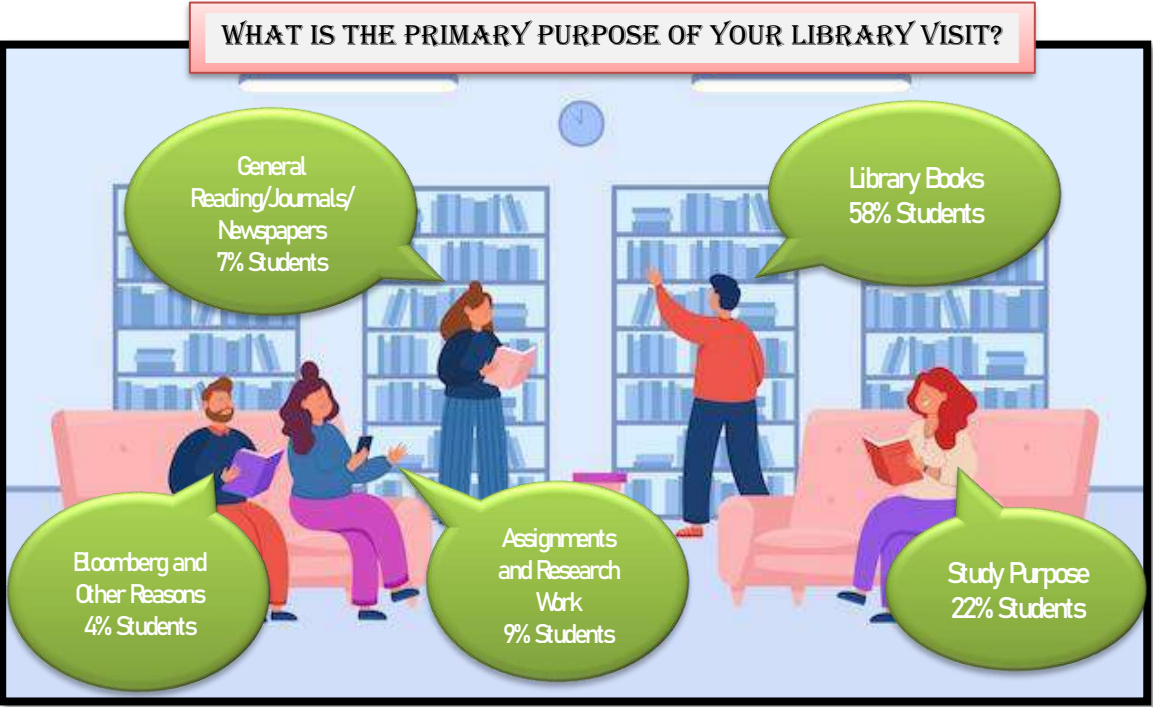

SOME INTERESTING FACTS ABOUT LIBRARIES
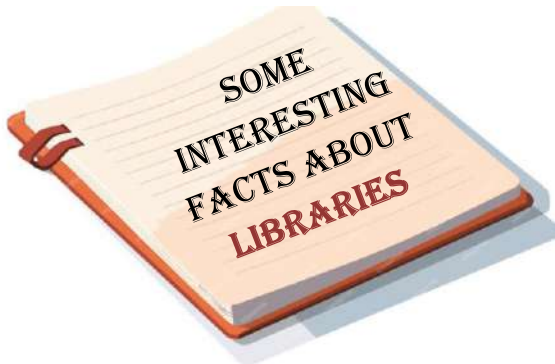

Did you know..There are many Libraries other than normal libraries only holding printed books resources…Well come on to this Journey where we tell you more about the Libraries and some interesting Fun Facts about the Libraries.

In Pune, Maharashtra, there is a unique library known as the **'Living Tree Library'** where books are hung on branches like fruits, and readers can borrow them and return them when finished.

A LIBRARY THAT SPREADS FRAGRANCES

The Osmothèque is a library of smells in France. And has over 3200 scents (400 rare). A Rare and Unique Library.

Palace Libraries a culture in India where they depict the Royal Heritage of India

A few more Feedbacks from the Survey

➢ After determining the frequency of the students' visits, the questionnaire asked them what is their primary reason for visiting the library, though they may visit the library for multiple reasons, primary reason was to be chosen by the students. Upon which the responses received majorly included for study purpose in the reading hall of the library and another major purpose including referring and issuing Library Books. Some other responses also included such as research work, visiting the Bloomberg lab and General Reading.

WHAT IS THE PRIMARY PURPOSE OF YOUR LIBRARY VISIT?

General Reading/Journals/ Newspapers 7% Students

Library Books 58% Students

Bloomberg and Other Reasons 4% Students

Assignments and Research Work 9% Students

Study Purpose 22% Students

➢ To gain further insight into how students locate the books they want in the library, as we proceeded with the questionnaire, the students were questioned whether they were able to get the books they came to search for, what were the other situations apart from yes and no answers. The majority of responses showed that students find the books in the library, ranging from sometimes to always; however, there are a few occasions in which students are unable to locate the needed book or discover a substitute.

Do you Find the Desired Book in the Library?

Maybe 5%
No 2%
Sometimes 8%
Yes 85%

- Yes
- Sometimes
- Maybe
- No
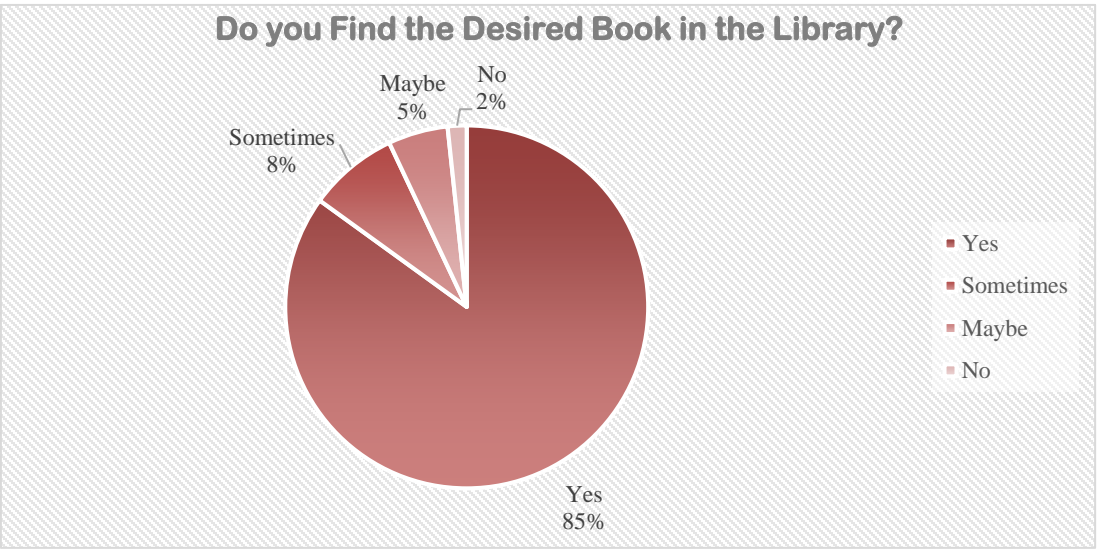

➢ Further, it was observed that students use various methods to search the books, some of them being through the Library OPAC, taking help from the Library staff, getting to know the location through friends and also personally visiting and exploring the racks were Some of the options preferred by students to choose their desired Library Books.

➢ The library offers several additional services in addition to its collection of books to motivate students to devour more and develop routines for reading in the digital age.
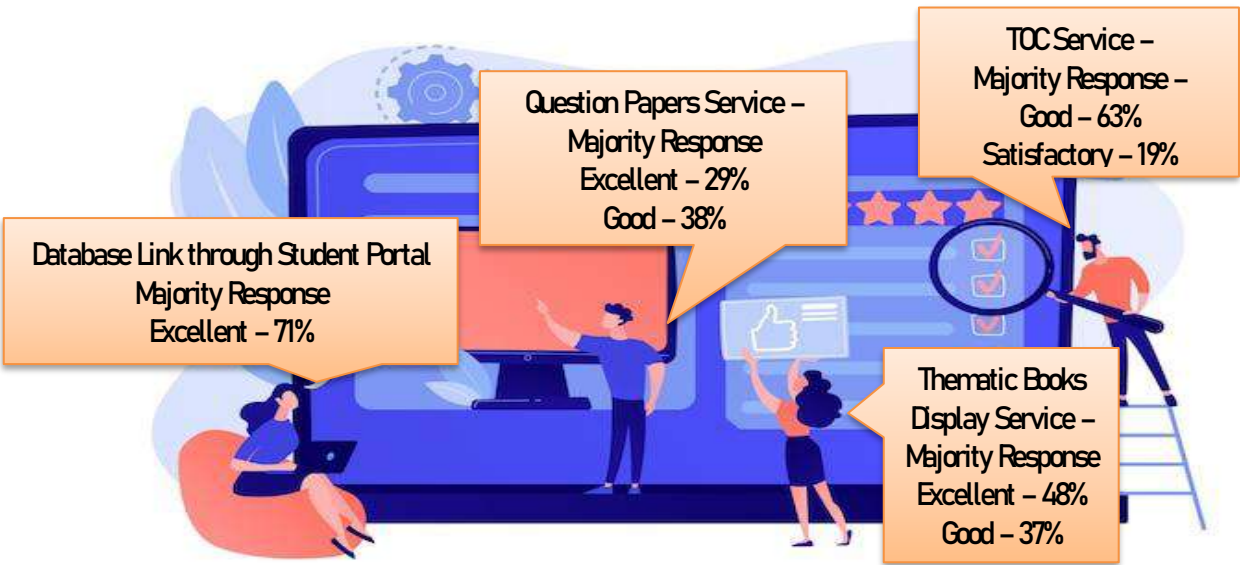

HOW THESE INSIGHTFUL USER FEEDBACKS ARE PUT TO USE IN LIBRARIES

As a continuous efforts, the NMIMS Libraries aim to improve the services and resources on the feasible suggestions received.
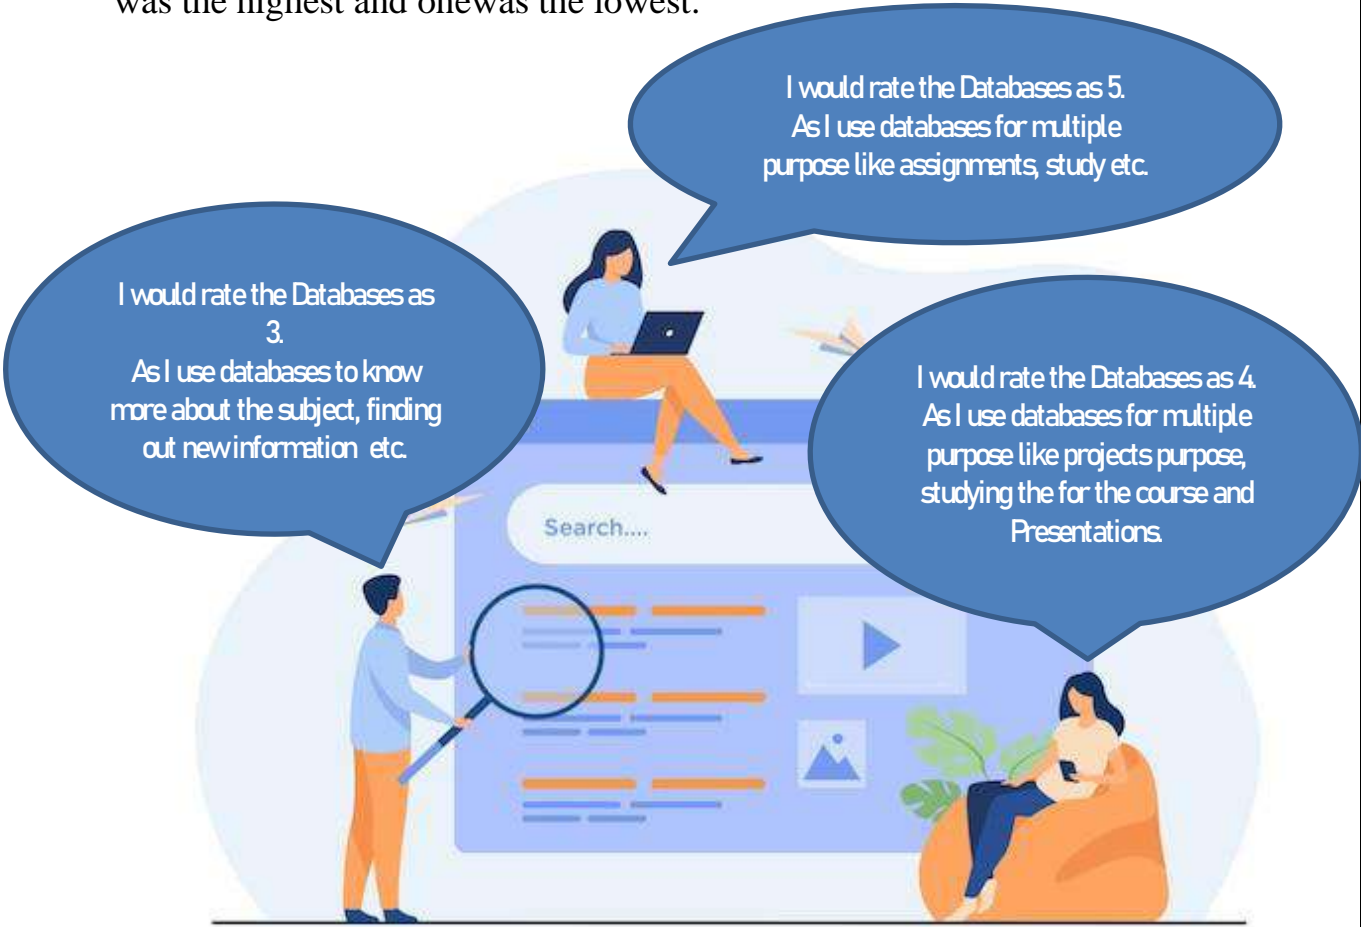

- With the changing needs of the students, we provide flexibility in services on student requests.

- The use feedback shed a light on the usage of Library has improved through successful orientations, frequency of the orientations are increased to improve the efficiency of usage of resources.

- Positive Feedbacks indicate how satisfied students with the Library services are, however it also indicated the areas where the library need to improve the user services and make the most of that particular service, which is analyzed through feedbacks actions are taken accordingly.

- Overall, each feedback received from the students are thoroughly analyzed and worked upon to check the feasibility and to solve the difficulties the users are facing.

- Some of the Feedbacks received may not be included in the system on immediate basis, but on backend the Library considers it for Long Term Planning thus it helps to give the users Optimum Library services.

The Library playing an integral part in student's life works on continuous performance optimization and Resources collection enhancement based on the Valuable user feedbacks received.

➤ These services include some resource-providing services like – Question Papers of the previous years for reference, Monthly dedicated thematic display of e-books, book of the week, In case of Journals – TOC is available for the students for reference. Thus, feedback regarding the same was asked from the students of how satisfied are they with these add-on services.

Question Papers Service –
Majority Response
Excellent – 29%
Good – 38%

TOC Service –
Majority Response –
Good – 63%
Satisfactory – 19%

Database Link through Student Portal

➤ The Next most important part of the Survey - Online Databases, These being the need of the Hour, the NMIMS Library provides a pool of e-resources, that are accessible to the students within and outside the campus.

➤ Students were asked to review their experiences and satisfaction with the online databases made available by the library on a five-point rating scale, where five was the highest and onewas the lowest.

I would rate the Databases as 5.
As I use databases for multiple purpose like assignments, study etc.

I would rate the Databases as 3.
As I use databases to know more about the subject, finding out new information etc.

I would rate the Databases as 4.
As I use databases for multiple purpose like projects purpose, studying the for the course and Presentations.

➤ In addition to providing information about database views, the feedback form asked students to rate their level of familiarity with the services. While most of them indicated that they are aware of the resources and are making the most use of them, some expressed a strong desire to learn more about them and how to use them effectively.

➤ The Library endeavors to enhance its offerings and assist its patrons in optimizing their resources.

➤ It is evident by analyzing the student responses as a whole that the majority fall between the ratings of Good and Excellent. Nonetheless, the library strives to give its patrons the greatest experience possible and considers continuous enhancement.

LIBRARY ACTIVITIES CONDUCTED ACROSS CAMPUSES

Prof. Y. K. Bhushan Information & Knowledge Resource Centre
Central Library
Mumbai Campus

MPSTME Library
NMIMS, Mumbai Campus

The Central Library organized a book display program to raise students' awareness of important days and to increase their level of knowledge.

The purpose of theme-based days was to promote reading habits among students and provide them the opportunity to look into other books that they could find interesting.

The display was further conducted on "National Mathematics Day".

The National Mathematics Day is observed on December 22 each year to commemorate the birth anniversary of the great Indian mathematician Srinivasa Ramanujan.

It is interesting to note that students showed a strong interest in reading and frequently checked the books for reading purposes.

The Mumbai Campus MPSTME Library arranged a themed book display on the subject of student interests.

In this activity, the library displayed books on selected subjects, events, biographies of certain individuals, and lists curated by well-known individuals. The Library believes that Thematic book displays offer a versatile tool to engage patrons, promote reading, and create a vibrant and dynamic learning environment. In the last two weeks, the Library displayed books on "Motivation" and "Machine learning" titles in the cupboard.
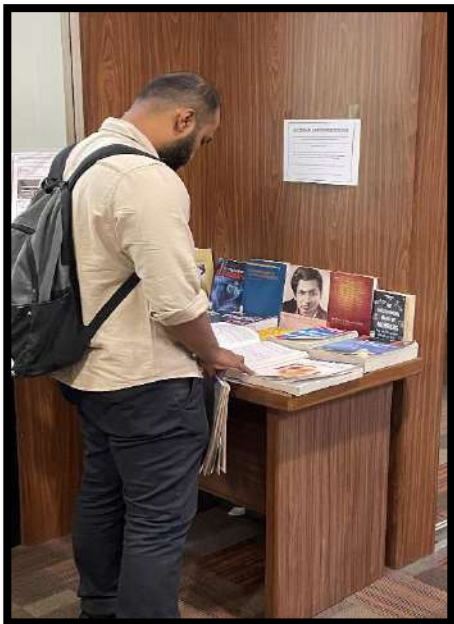

BSSA Library
NMIMS, Mumbai Campus

Photography and Painting Week

➤ The BSSA Library organized a thematic exhibition on the subjects of painting and photography, keeping in mind its area of expertise.

➤ This will inspire students and help them understand the value of extracurricular activities and how these hobbies benefit us in the long run.

National Energy Conservation Day – 14th December 2023

➤ Additionally, the BSSA Library arranged a themed talk on the topic- energy conservation and raised student awareness of the topic.

➤ The National Energy Conservation Day is observed on 14th December, to spread awareness about the importance of energy and the need to conserve energy by using less energy.

➤ The objective of the Energy Conservation Act in India is to appoint professional, qualified, and energetic managers and auditors who have expertise in policy-making, financial management, and implementation of energy-related projects
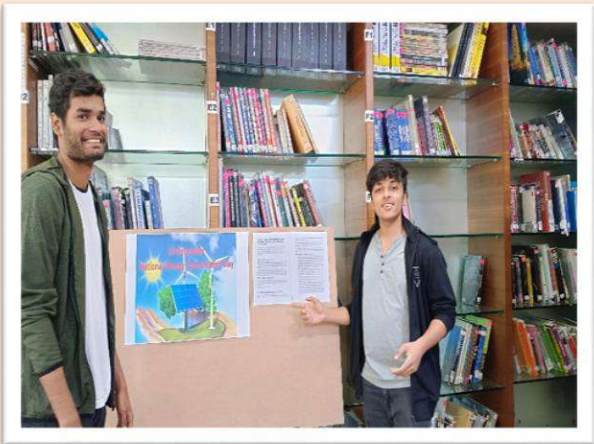

SPPSPTM Library
NMIMS, Mumbai Campus

National Mathematics Day – 22nd December 2023

➤ The SPPSPTM Library conducted a thematic exhibition on inter-disciplinary subjects like Pharma & Maths, on the occasion of National Mathematics Day to help students and give them a wide variety of inter-disciplinary subjects, and how understanding one subject will help to understand the other one better.

Navi Mumbai Library,

NMIMS, Navi Mumbai campus.

Double the Celebration

➢ As it was the Celebration time – of Christmas and the New Year, the Navi Mumbai Campus Library decided to introduce the students to the different sweet and savory recipes!

➢ The Display was all about the cookbooks that encouraged the students to discover the variety of flavors available, which in turn will help the Students to turn these books into a hobby or indulge in occasional reading for general culinary knowledge.

Book Exchange Program – Vachan Prerna Divas

➢ NMIMS Navi Mumbai Library has organized a Book Exchange program on the 13th & 14th of October 2023 to commemorate the birth anniversary of Dr. APJ Abdul Kalam, celebrated as Vachan Prerana Divas.

➢ The book exchange has received an enormous response from faculties, students, and staff. Through this program, More than 100+ books have been exchanged.

Chandigarh Library,

NMIMS, Chandigarh Campus

➢ Mathematics is an essential part of life and has been enriched with the contributions of great Indian mathematicians such as Aryabhata, Brahmagupta, Mahavira, and Bhaskara II.

➢ National Mathematics Day on December 22 honor's the birth of mathematical prodigy, Srinivasa Ramanujan. For him, his groundbreaking theories sprang not just from his mind, but from the touch of his family goddess, Namagiri Thayar, or Goddess Lakshmi.

➢ To educate the same to the students, the Chandigarh campus carried out theme based book display on National Mathematics day.
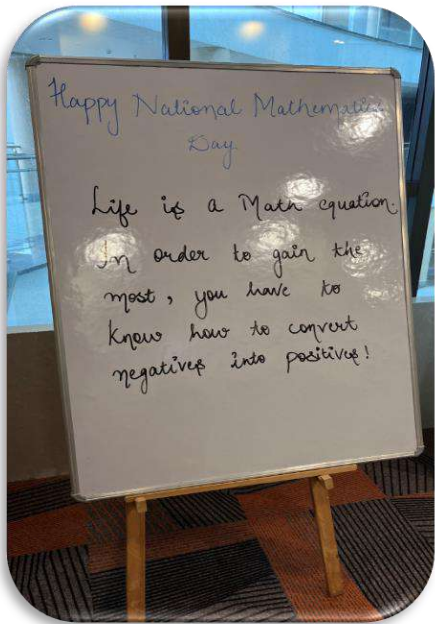

TECH TIPS FOR
LIBRARY DATABASES

The Library offers an extensive range of databases and resources for library users. Let us have a look at some crucial time-saving tips to help you get the information right away.

Online Access to Daily Newspapers

➢ You can read the newspapers online within our databases. The ISI Emerging Markets subscribed under Research Databases offers us daily Newspapers; you can search the required Newspaper title and read the latest articles published from this database.

Older HBR Articles up to the present

➢ The Library has an online collection of HBR Articles from 1922. Yes, 1922 all you have to do is click the Publications Tab in the EBSCO Database. Type the journal you want, for example. Harvard Business Review and you will get access to the articles way back to 1922. in addition to this, you may also search the desired publication and check how far back in time we have access to your required publications.

Case Studies for References

➢ The EBSCO Database contain case studies on some related topics. The only distance left for you to access them is to go Search for your topic and apply the filter of case studies instead of academic journals.

Companies List on a click

➢ When you get to download the data of multiple companies, you can refer to the ISI Emerging Markets Database, Yes the database provides you with a customized list through the Create Companies list under the Companies tab, where you can select the companies that are required and also customize the data fields required for you.

E-brary remembers the books you read!

➢ The books we download frequently are automatically erased after a set amount of days. The next time, add the book you want to read all the time to your bookshelf in the Ebrary account, and it will stay saved for any time you want to access it.

Law Search - Historical Cases

➢ Databases under the Law category, such as Manupatra provide us with cases from the Supreme Court and even moot courts. This databases provide historical cases as well. Hein Online gives us Law related e-journals and Live Law gives us latest News Updates from Law Industry.

MANAGEMENT THOUGHT

Hello Researchers and Students!!

Takeaways from the Library

Library. When we hear this word, books immediately spring to mind. With libraries' digital presence, we resemble libraries with databases that help us organize information.
So, whenever we want a book, we know the method of going to the stacks and finding the books kept right there or even in databases; the information is arranged and classified as per the subject heads. Have you ever wondered why we always find books kept in a particular place?

The simple answer is that libraries have placed books with similar content in one stack. This has become possible through the classification process, which can be named de-cluttering.
With so many things going on in our lives, our mind has bits and pieces of information gathered, which takes up most of the space. In contrast, if we regularly keep de-cluttering our minds and arranging things according to their priorities, we will make our lives much more accessible and calmer.

Think of a situation where you have fed your mind with so many things that by the end of the day, you miss out on the priority tasks that were to be completed, which will lead to missing deadlines, which will subconsciously affect your mind and will make you remind of the deadlines repeatedly, this will further affect your efficiency, and you will start complaining of too many distractions and lack of concentrations in your work.

To avoid such situations, we must regularly de-clutter our minds and prioritize the necessary things to get things done at the right time, just as we get the Library books in the right place.

*So, sit back, relax, de-clutter and begin again.*
This will produce an optimistic atmosphere around us as well as within us.

ONLINE DATABASE USAGE GUIDE FOR

OPEN ACCESS
RESOURCES

"Open access truly expands shared knowledge across scientific fields it is the best path for accelerating multi-disciplinary breakthroughs in research."
*Open Letter to the US Congress signed by Nobel Prize winners*

➢ Open Access Resources are digital format that are made freely available online to the public, without any restrictions or costs. They are part of the broader Open Access movement, which seeks to make scholarly knowledge and research more accessible to everyone.

➢ Digital technologies have created more than one revolution. Let's call this one the access revolution.

➢ Open Access Resources can cover a wide range of topics, from academic textbooks and monographs to fiction and non-fiction literature. They can be published by university presses, non-profit organizations, or individual authors, and are typically available for download in various formats, such as PDF, EPUB, or HTML.

➢ One of the main advantages of Open Access Resources is that they allow readers to access knowledge and information that might be otherwise inaccessible due to financial or geographical barriers. They also provide authors with a platform to share their work with a wider audience, increasing the visibility and impact of their research.

➢ However, there are also challenges associated with Open Access Ebooks, such as the need to ensure quality control, funding and sustainability, and copyright. and licensing issues. Despite these challenges, Open Access to Ebooks continues to play an important role in promoting knowledge dissemination and democratizing access to information.

➢ The question here arises, Why Open Access?

➢ Funders invest in research to accelerate the pace of scientific discovery, encourage innovation, enrich education, and stimulate the economy – to improve the public good.

🔱 *Faculty and students can access Open Access Resources by using the below link:*
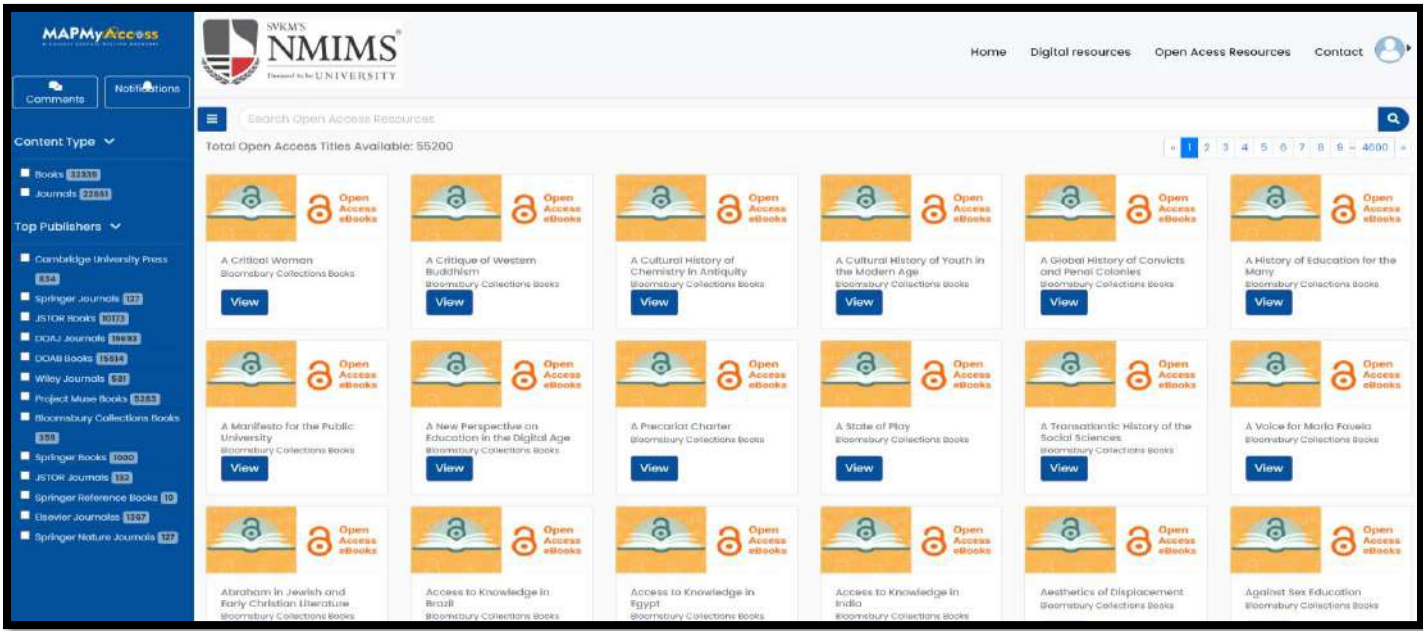

https://svkm.mapmyaccess.com/
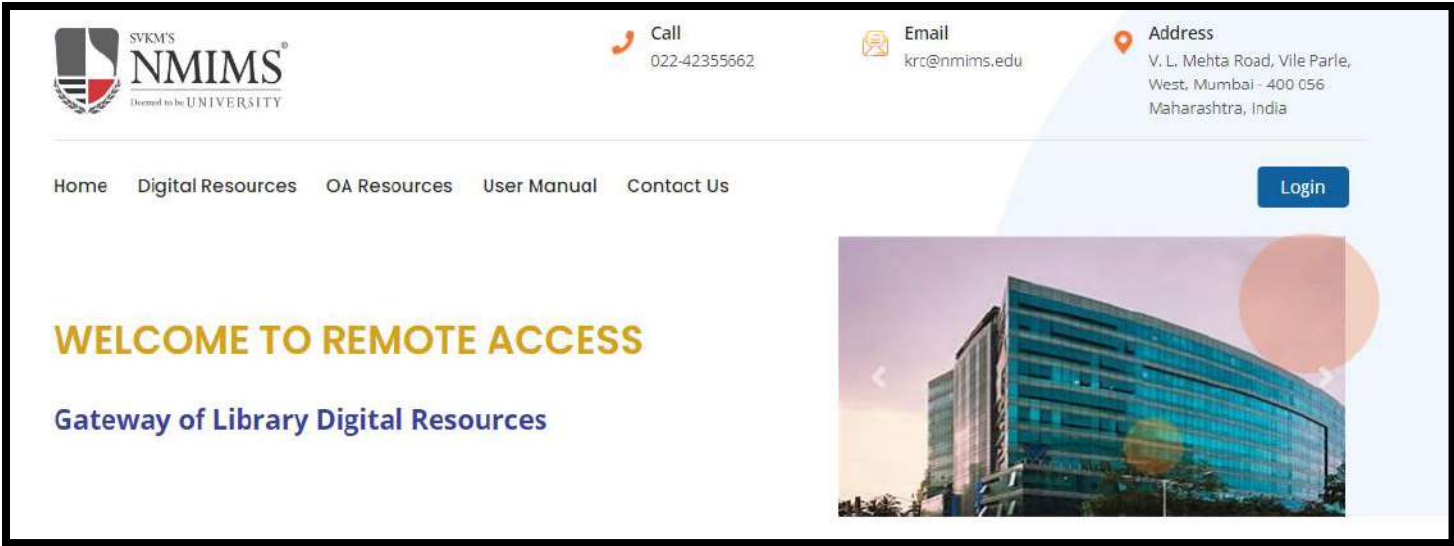

➢ Once the login completes as per your credential provided by your respective authority. The below screen opens through mapmyaccess.

➢ Once you click on the link (Open Access Resource) on the menu bar of the mapmyaccess portal for detailed pages, it will open like below:

➢ The filter's right side can be used to refine. As per user requirements finally the overall number of open access materials in this collection is 55200 titles, comprising 32339 multidisciplinary topic ebooks and 22861 multidisciplinary topic journals.
