OUR INSTITUTION

Our significant journey in the field of education started in the year 1981 when Shri Vile Parle Kelavani Mandal (SVKM) established the now world famous, Narsee Monjee Institute of Management Studies (NMIMS) in Mumbai. This was done to cater to the growing demand for management education in our country. The Government of India on UGC's recommendation accorded the Deemed to be University status to NMIMS in 2003. This was in recognition to NMIMS' contribution to management education, industry and institution building.

Our focus has been to innovate and create educational programs that are relevant to the needs of the industry and society.

Today, NMIMS has seven departments/faculties comprising of 15 schools. Its programs are in the fields of management, engineering & technology management, pharmaceutical sciences, architecture, science, commerce and economics, law, liberal arts, design, entrepreneurship and family business, & mathematical sciences, etc.

It is today a multidisciplinary and multi campus institution accredited by national bodies like NAAC at the highest level. Its management institution is accredited by AACSB and five engineering programs of Mumbai are ABET accredited.

It has always been NMIMS's goal to enhance the employability of graduates. The programs are enriched by research, a sound curriculum and are delivered by well-trained faculty members who have national and international exposure. The NMIMS academic infrastructure is at par with the best in the world today.

Besides, with the faculty actively engaged in academic research, we are committed to making NMIMS a centre for outstanding learning experience. We believe that given the socioeconomic dynamics of our nation, NMIMS has a special role to play in enhancing the employability of young Indians and helping the economy acquire a competitive edge.

OUR VISION

To be a globally admired University by 2030.

OUR MISSION

Emerge as a centre of excellence best in class in India and Asia and yearning to be the best in the world by 2030. This will be achieved by:

- a. Promoting faculty scholarship at the global level
- b. Benchmarking academic programs and processes, best in India, Asia and the world
- c. Creating a global learning experience through a mix of student and faculty community from the world market
- d. Developing institutional level partnership with one of the top 100 global universities recognized for its academic and research excellence
- e. Strengthening the bond with industry and community or social organizations at a global level
- f. Pursuing the agenda of innovation across all Schools and Faculty

This mission is to be achieved through an action plan that focuses on innovation, benchmarking, development of a global learning experience enhancing student employability, promoting faculty scholarship at the global level and developing bond with industry and community at a global level.
