

1.2.1 Percentage of new courses introduced out of the total number of courses across all programs offered during the last five years

HEI Input: 1134

HEI Response:

HEI accepts the DVV input.

1. *DVV observation that multiple courses offered across programmes were considered as different courses - as the course codes are different and perspective for each program teaching same content is different (this is generally described in the course policy document given by different faculty). Hence 1134 was HEI input.*
2. **However, the concept of DVV is accepted and hence HEI accepts the number of new courses indicated by DVV - 981.**
3. *The BOS Minutes and the AC minutes for each course for all the five years are uploaded as per DVV requirements at the following link:
